Operations, Plans, and Military Support

Ms. Lisa Young
General Manager
Funny Bone Comedy Club
404 South 8th Street
Boise, ID 83702

Dear Ms. Young:

I would like to express my gratitude and appreciation for your support to the Idaho National Guard (IDNG) and the United States Army during the catastrophic fire season that occurred this summer in Idaho.

Through your efforts and the efforts of your staff many of our soldiers and airmen/airwomen were treated to a quality comedy show, planned and coordinated by your Assistant Manager, Mr. Brian Lee.

Mr. Lee was the individual primarily responsible for performing liaison operations with the IDNG and the United States Army and ensuring comedians were available to provide comic relief to our personnel supporting the United States Forest Service in its mission to suppress wildfires.

On August 21, 2000, a professional comedy show sponsored by the "Funny Bone Comedy Club" was conducted at the Burgdorf fire camp near McCall, Idaho. The comedians performing were Pat MacCallister and "Kid" Dave Miller. These two comedians were hilarious, funny, and entertaining. The comedians provided professional entertainment that contributed to the enhancement of personnel morale and fortified our attitude to always keep a sense of humor, even when performing a serious and dangerous job.

Thank you for your support and a job well done.

Sincerely,

Curtis J. Olachea
Lieutenant Colonel, Idaho Army
National Guard
IDNG Joint Command Post Commander
